An Act To Ensure Adequate Landfill Capacity in the State for Solid Waste. (Rep. Curtis, Madison) (Environment & Natural Resources Comm) (Amends the law regarding expansion of commercial solid waste disposal facilities and biomedical waste disposal or treatment facilities by authorizing a commercial landfill facility that is not under an order or agreement to close to expand if the proposed expansion is contiguous with the existing facility and is located on property owned by the person holding the commercial solid waste disposal facility license. It clarifies that an expanded facility may not receive a property tax exemption on real or personal property, and it provides that the department may not process or act upon any application until certain conditions are met)

An Act To Repeal the Informed Growth Act. (Rep. Clark, Easton) (State & Local Government Comm) (The amendment replaces the bill. It provides that the provisions of the Informed Growth Act do not apply to a municipality unless the municipality adopts an ordinance. It provides that municipalities that are sub to the Informed Growth Act by the adoption of such an ordinance receive the fee directly from the developer for the comprehensive economic impact study rather than through the State Planning Office. The definition of undue adverse impact is amended to mean that the estimated overall negative effects outweigh the positive effects and removes the requirement that the estimated negative effects of at least 2 of the factors considered in the study outweigh the positive effects on those factors. Provides that the municipality may determine which factors are considered in the comprehensive economic impact study. Also has a Fiscal Note)

An Act To Encourage Prompt Payments by the State When It Contracts with Outside Agencies. (Rep. Moulton, York) (State & Local Government Comm) Current law allows a vendor to charge a reasonable late fee if a state agency does not make the required payment for an invoice on time. This bill requires a state agency that does not make the required payment on time to pay a late fee of 1 1/2% per month unless the contract includes a different amount to be levied if payment is late.) Amendment changes the rate of a late fee if a state agency does not make the required payment for an invoice on time from 1 1/2% to 1% per month of the amount owed unless the contract includes a different amount to be levied if payment is late. The second amendment clarifies that the bill applies only to new contracts with a state agency that are entered into after the effective date of this legislation.)

An Act To Provide Options to Municipalities Concerning the MUBEC. (Rep. McKane, Newcastle) (Labor, Commerce, R&ED Comm) (cosponsored by Rep. Harvell, the sponsor of LD43 To Repeal MUBEC) (Current law requires the adoption of MUBEC by all municipalities w/more than 2000 residents by 7/1/12, including municipalities without a building code. An ordinance that conflicts with MUBEC is considered void as of 12/1/10. Beginning 12/1/12 this bil requires a municipality, regardless of size, that has adopted a building code, including a building code or potion of a building code related to residential, commerce or existing structures or an energy code, as of 1/1/11, to adopt the comparable potion of MUBEC. The municipal is required to adopt only that portion of the MUBEC that relates to the code already in place in that municipality. This bill also delays voidance of a conflicting municipal ordinance until 12/1/12.)\*TESTIMONY by Steve Rich
